

ALABAMA BOARD OF EXAMINERS IN PSYCHOLOGY

INFORMATION FOR PSYCHOLOGICAL TECHNICIAN APPLICANTS

The following information describes (1) application procedures, (2) examination procedures, and (3) general board procedures. Please read carefully.

I. REQUIREMENTS FOR LICENSURE AS A PSYCHOLOGICAL TECHNICIAN

Ala. Code §34-26-1 et seq. specifies the following requirements:

- A. Good moral character.
- B. At least 19 years of age.
- C. Has a master's degree in psychology from a regionally accredited institution of higher education, or has completed the equivalent of a master's degree from an American Psychological Association accredited doctoral program in psychology, as determined by the board. Educational requirements are provided in section §34-26-65.
- D. Competency as a psychological technician, as shown by passing examinations, written or oral, or both, as the Board deems necessary.
- E. Is not engaged in unethical practice as defined in the Ethical Principles of Psychologists and Code of Conduct of the American Psychological Association.
- F. Has not within the preceding six months failed an examination given by the Board.

Appropriate supporting documents, such as references and transcripts are required, as specified below.

II. REQUIREMENTS FOR APPLICATION

- A. **GENERAL REQUIREMENTS.** You are required to submit the following items to the Alabama Board of Examiners in Psychology:
 - 1. A completed and notarized licensure application form.
 - 2. A computer-scannable application for the administration of the Examination for the Professional Practice of Psychology (EPPP) (required if you have not previously taken this exam or your EPPP score falls below the cut-off score required in Alabama).
 - 3. A check or money order made payable to the Alabama Board of Examiners in Psychology in the amount of \$130.00 as fee for licensure application processing.
 - 4. A certified check or money order payable to Professional Examination Service (PES) in the amount of \$450.00 if you are required to take the EPPP.
 - 5. Official transcripts of your entire training, to be sent directly to the Board from the registrars of the respective institutions. Isolated courses not contributing substantially to degrees need not be included.

6. Appropriate references. Four positive references are required: One must be from the applicant's graduate program, and one must be from a licensed psychologist or licensed psychological technician. One must be from the applicant's practicum supervisor. When it is impossible to obtain a required reference the Board may consider an alternative reference on a case by case basis.

7. You are required to have the Degree Validation Form (enclosed) completed by the registrar, the graduate school director, or other approved official of the master's degree granting institution. This form should then be forwarded directly from the institution to this Board.

8. Applicants that hold or have held a license to practice psychology at the master's level should send the Verification of Licensure Form (enclosed) to each licensing jurisdiction. Please note that a fee may be required for completion of this form. After completion, this form should be forwarded directly from the Board that granted the license.

9. An applicant, who in lieu of a master's degree has successfully completed a minimum of 42 graduate semester hours in residence as a matriculated student in an accredited doctoral program in psychology may be considered for licensure as a Psychological Technician and must present evidence indicating how they meet the Board's rules and regulations requirements.

10. A recent passport quality photograph of yourself.

- B. **PREVIOUS LICENSURE.** The Alabama law provides that all applicants must meet Alabama standards for licensure. These standards include the educational, ethical/moral, and competency requirements noted on page 1. If you are or have been licensed in another state, you should indicate this in the space provided on the first page of the application. If your EPPP score falls below the cut-off score required in Alabama, you will be required to take the EPPP again. All admitted candidates are required to take the PSE, described in item IV, A. below.

Applicants that hold or have held a license to practice psychology at the master's level should send the Verification of Licensure Form (enclosed) to each licensing jurisdiction. Please note that a fee may be required for completion of this form. After completion, this form should be forwarded directly from the Board that granted the license.

- C. **LAPSED APPLICATION.** If for any reason you allow your application to lapse uncompleted for a period of one year from the date of receipt, reapplication is required. Reapplication includes completion of a new application forms, new and updated references and a new application fee.

III. EVALUATION OF APPLICATIONS

- A. **REVIEW OF COMPLETED APPLICATIONS.** The Board reviews and evaluates completed applications at its regular meetings, which are ordinarily scheduled on the second Friday of the odd-number months. Applicants will be reviewed under the law and rules and regulations in effect the date the application is received. Your credentials will be reviewed at the next regular meeting of the Board following completion of your application, i.e., all transcripts and reference forms and any other pertinent information received. Following the review and evaluation of your completed application, you will be notified by letter.

B. **APA/aPA MEMBERSHIP.** Membership in the American Psychological Association or the Alabama Psychological Association is not a determinant or qualification for licensure. However, adherence to the APA Ethical Principles and Code of Conduct is required.

- C. **CAUTION.** No person shall hold himself or herself out to the public as a psychological technician or practice as a psychological technician unless licensed by the Board. Failure to comply with this requirement shall constitute a Class C misdemeanor. State licensure is required in order for any individual to hold himself or herself out to the public as a psychological technician or practice as a psychological technician in Alabama. You are encouraged to apply well in advance of employment as the entire application process takes about three to four months from the time the application is received by the Board. An applicant should therefore apply well in advance of his/her anticipated licensure. Furthermore, the applicant should not imply to employers that the license will be awarded automatically or at a particular time. **No temporary license for practice is granted by the Board, and there is no provision for any individuals holding himself or herself out to the public as a psychological technician or practicing as a psychological technician prior to licensure. Since practice or such promotion prior to licensure is a violation of the licensing act and professional ethics, the Board will consider appropriate legal action and will suspend review of an application pending resolution of the violation.**

IV. EXAMINATION

- A. **FORM AND FEES.** The Alabama Board uses the Examination for Professional Practice in Psychology. This test is designed and approved by the Association of State & Provincial Psychology Boards and distributed and scored by the Professional Examination Service (PES) in New York City. The cost of the examination to the applicant is \$450.00 and is in addition to the application fee. A certified check or money order payable to PES is paid at the time of application to the Board. Payment of an additional test administration fee must be made at the time the candidate schedules his/her examination with the Prometric Testing Center.

All candidates are also required to pass the Professional Standards Examination (PSE), which is a brief multiple choice exam covering material from the (1) Alabama License Law, (2) The APA Ethical Principles of Psychologists and Code of Conduct (2002), and (3) The APA General Guidelines for Providers of Psychological Services (1987). The passing criterion for this exam is 80% of the items correct. This exam will be administered in Montgomery at the Board Office. The fee for this exam is \$50.00. The Board will request this fee upon admittance. Please do not send this fee with your application. The APA Code of Ethics and General Guidelines for Providers of Psychological Services may be obtained free of charge from APA. A copy of the Alabama Law is enclosed.

- B. **SCORING.** Candidates taking the EPPP are identified by number only for purposes of scoring and retrieval of information. It generally takes from four to six weeks to receive scores from the Professional Examination Service. No information concerning these scores is released to candidates until after the Board meeting at which scores are reviewed. Exam scores will not be released over the telephone.
- C. **CRITERION FOR PASSING.** After Board review of the examination scores, the Executive Officer notifies the candidate of the Board's decision concerning licensure. Criterion for successful completion of the EPPP is 60% of items correct for paper and pencil administrations and an ASPPB scaled score of 400 for computer based administrations. Criterion for successful completion of the PSE is 80% of the items correct.
- D. **TIME ALLOWED FOR TEST.** Candidates are allowed four hours and fifteen minutes for the Examination for Professional Practice in Psychology. There are 225 items (questions) on the examination. The PSE generally takes less than an hour.
- E. **EPPP SCORE TRANSFER SERVICE.** As a component of the Association of State and Provincial Psychology Boards' (ASPPB) mobility objectives, the EPPP Score Transfer Service has been established. Although the Board of Examiners does not insist upon the use of the service, candidates are strongly urged to register their examination scores with the EPPP Score Transfer Service in order to facilitate accurate and prompt reporting of scores between states.

V. RE-EXAMINATION

Any applicant who fails the EPPP and/or the PSE has the option of taking the exam a second time after waiting the mandatory six months from the date of the first examination. If re-examination is accomplished within one year of the first administration of the exam no new licensure application or licensure application fee is required. However, a second examination fee, computer-based testing application(for the EPPP), and test administration fee(for the EPPP) are required.

A candidate taking either examination a second time will receive a different form of the exam.

VI. GENERAL INFORMATION

- A. **LICENSE RENEWAL.** Once granted, a license is current for the remaining fiscal year. Annual renewal is required after the first year. The Board sends each licensee a notice of renewal on or before September 15th requiring payment of a renewal fee by October 15th. If the fee is not received, a second renewal notice will be sent. If a response is not forthcoming by November 15th, the licensee will be notified by certified letter of delinquency. At that time the licensee will be given notice to appear before the Board to show cause as to why his/her license should not be disciplined for non-payment of fees.
- B. **CONTINUING EDUCATION.** Licensed psychological technicians are required to comply with the continuing education requirement of 10 hours per year in general compliance with Category I of the American Psychological Association. Psychological Technicians must demonstrate compliance with the continuing education requirements at the time of application for license renewal and must pay a \$50.00 continuing education fee. Specific continuing education requirements will be provided to each licensee upon licensure by the Board.
- C. **FURTHER INFORMATION ABOUT BOARD PROCEDURES.** Any individual wishing information about policies and procedures of the Board of Examiners not herein described may inquire in writing.

750-X-2A-.03 Application Form. Applications will be reviewed under the laws and rules and regulations in effect the date the application is received. All licensure applications shall be submitted on a form prescribed and provided by the Board of Examiners in Psychology and accompanied by such evidence, statements, and documents as are therein required. The licensure application form must be filled out legibly and in detail, giving requested information and dates. It shall include a complete list of job positions in chronological sequence. A certified copy of each transcript shall be sent by the registrars of each institution directly to the Board. The applicant shall have the registrar, the graduate school dean, or other approved official of the degree granting institution to certify (1) the degree granting school or college, (2) the exact name of the department which granted the degree, and (3) the exact title of the degree. The entire licensure application form shall be notarized. The Board must be informed if a previous application for licensure has been submitted in this state. Four references are required (see Rule 750-X-2A-.05 below). The licensure application fee must accompany the licensure application form and is non-refundable. A cashiers check or money order payable to Professional Examination Service sufficient to cover the actual costs of examination fees, but exclusive of the exam administration fee, will accompany the computer-based-testing application.

750-X-2A-.04 Psychological Technician Training Requirements.

(1) All applicants for licensure as a Psychological Technician shall have a master's degree in psychology from a regionally accredited institution of higher education. The degree program of the applicant shall be publicly identified and clearly labeled as a psychology program. In lieu of a master's degree, an applicant must have completed the equivalent of a master's degree from an American Psychological Association accredited doctoral program in psychology, as determined by the board.

(2) Included in the course credit, a minimum of nine (9) of the graduate semester hours must be in the basic substantive areas of psychology and at least three (3) substantive areas must be represented. The basic substantive areas of psychology include, but may not be restricted to, ethics, experimental, developmental, individual differences, psychological tests and measurements, social, cultural/ethnic, sex roles, statistics, history and systems, research and experimental design, personality theory, learning, physiological, abnormal, comparative, motivation, emotion, sensation and perception, learning, thinking and organizational.

(3) Candidates must have successfully completed a minimum of a 3 semester hour graduate course in psychological assessment and a minimum of a 3 semester hour graduate course in intervention techniques.

(4) In cases in which the successfully completed formal master's degree program in psychology does not meet the curriculum requirements to allow licensure as a Psychological Technician, the Board may, at its discretion, accept additional course work subsequently completed in a qualifying graduate training program and/or professional experience.

(5) On and after September 1, 2000, the degree program of the applicant shall meet all of the following requirements:

(a) The program shall be publicly identified and clearly labeled as a psychology program.

(b) The program shall maintain clear authority and primary responsibility for the core and concentration areas whether or not the program crosses administrative lines.

(c) The program shall have an identifiable body of students in residence at the institution who are matriculated in the program for degree purposes.

(d) The program shall have an identifiable full-time psychology faculty in residence at the institution, sufficient in size and breadth to carry out the responsibilities of the program, and employed by and providing instruction at the main campus of the institution.

(e) There shall be a psychologist responsible for the program as the administrative head of the program, the advisor, a major professor, or the committee chair.

(f) The program shall be an integrated, organized sequence of study in psychology as demonstrated by an identifiable curriculum track or tracks wherein course sequence are outlined.

(g) The program shall encompass the equivalent of a minimum of two academic years, at least one of which shall be one academic year of full-time graduate study in student residence at the institution from which the degree is granted. Residence requires interaction with psychology faculty and other matriculated psychology students. A one year residency shall consist of 30 semester hours or 45 quarter hours taken on a full-time or part-time basis at the institution.

(h) The program shall include practica or other field experience appropriate to the area of specialty and practice as a psychological technician. This experience shall satisfy all of the following criteria:

- 1) The experience shall be a planned or directed program of training in psychology, in contrast to on-the-job training, and shall have provided the trainee with a planned and directed sequence of training integrated with the educational program in which the trainee is enrolled. The training shall be planned by the faculty of the program rather than by the trainee.

- 2) The training site shall have a clearly designated and licensed psychologist who is responsible for the integrity and quality of the training program.

- 3) The training shall last a minimum of six months and consist of at least 500 hours of supervised training. At least 50 percent of the training shall be spent in direct contact with patients or clients.

- 4) The training program shall have a written program description detailing the functioning of the program and shall be approved by the psychology program of the trainee before training occurs.

- 5) The training site staff shall provide a minimum of one hour per five hours of client contact of face-to-face, primarily individual, regularly scheduled supervision, overseeing the training experience.

6) Supervision may be provided in part by psychiatrists, social workers, or other related professionals qualified by the training site. At least 60 percent of the supervision shall be provided by a licensed psychologist.

7) A person enrolled in a training program shall be designated as a practicum student, or any other designation which clearly indicates training status.

(i) 1) The program shall include a minimum of 45 semester hours or 68 quarter hours of graduate study in standard psychology courses, including courses drawn from academic psychology, such as social, experimental, physiological, developmental, history and systems, and statistics and research design.

a) Of the required semester or quarter hours, not more than six semester or nine quarter hours shall be credited for practicum and not more than six semester or nine quarter hours shall be credited for thesis.

b) No credit shall be allowed for audited courses or courses taken at an institution which is not a regionally accredited institution of higher education.

2) An applicant whose credentials have been approved by the board for examination at the licensed psychologist level may be issued a license as a psychological technician if the applicant fails an examination at the licensed psychologist level but passes the examination at the licensed psychological technician level. To receive this license, the applicant shall file all required application materials with the board for licensure at the psychological technician level.

750-X-2A-.05 References. In evaluating additional qualifications, the Board shall take into consideration the applicant's training, supervision, ethical conduct and professional competence. Four positive references are required. One must be from the applicant's graduate program and one must be from a licensed psychologist or psychological technician. After September 1, 2000 one must be from the applicant's practicum supervisor. When it is impossible to obtain a required reference the Board may consider an alternative reference on a case-by-case basis.

750-X-2A-.06 Limits Of Practice. A person practices as a “psychological technician” within the meaning of this chapter when he or she holds himself or herself out to be a psychological technician. A psychological technician may not use the title “psychologist” or hold himself or herself out to the public or knowingly allow himself or herself to be held out to the public as a psychologist.

(1) A psychological technician with adequate training may directly provide any of the following services without supervision:

(a) Administering and interpreting tests: A psychological technician may administer and interpret tests of intelligence, achievement, aptitudes, and interests, and testing for educational or vocational selection, guidance, or placement.

(b) Interviewing and screening: A psychological technician may conduct initial screening interviews which may lead to referrals for more extensive evaluation or treatment. A psychological technician may also administer adjective checklists, behavior rating scales, and other rating devices which may be completed by a variety of professional and non-professional observers.

(c) Psychoeducational interventions: Psychological technicians may provide didactic psychoeducational services to individuals or groups. The purpose of such groups is to disseminate information and educate clients.

(2) A psychological technician who meets the education and training requirements of this chapter shall not provide any of the following services except under the qualified supervision of a licensed psychologist:

(a) Personality appraisal. Personality appraisal as performed by the psychological technician is defined as any objective assessment or evaluative technique that leads to conclusions, inferences, and hypotheses regarding personality functioning. Included are all statements relative to personality attributes, features, traits, structure, dynamics, and pathology or assets. These activities shall allow for the process of deciding the nature of the psychological disorder or condition.

(b) Clinical intervention. Includes the use of the principles, methods, and procedures of the science and profession of psychology for the treatment of individuals, groups, and families, and behavior management and behavior modification procedures with clinical populations.

(c) Consultation services. Services provided to other agencies by psychological technicians acting in the role of consultants are subject to the same rules for supervision as services provided directly by the psychological technician in his or her place of employment.

(d) Assistance with forensic assessments and neuropsychological evaluations. A psychological technician may assist a trained neuropsychologist in the administration of neuropsychological procedures or a qualified psychologist in forensic assessment. Independent forensic assessments and neuropsychological evaluations are outside of the scope of practice for psychological technicians.

750-X-2A-.07 Supervision Requirements.

(1) The scope of mandated supervision shall depend upon the specific areas of practice, experience, and training of the supervisee. Mandated supervision shall assure that an appropriate professional standard is being applied to the solution of the problem of a client, and that the laws that govern the practice of psychology and the ethics that guide the practice are understood and followed. The scope of mandated supervision may include enhancement and refinement of previously learned skills, but shall not include introductory training of a supervisee in additional skills, methods, or interventions. Supervision shall include consideration of all of the following areas:

(a) Ethical, legal, and professional standards.

(b) Technical skills and competency.

(c) The utilization of supervision by a supervisee.

(d) The ability of a supervisee to function independently or with reduced supervision.

(2) Specific supervision shall not be required for each person evaluated

or treated, or for every treatment, evaluative technique, or professional activity undertaken. Supervisors shall be required to co-sign reports and other appropriate documents.

(3) A licensed psychologist shall be recognized by the board as an appropriate supervisor for a psychological technician supervisee. The board may disapprove of an otherwise qualified psychologist acting as a supervisor for any of the following reasons:

(a) Evidence that he or she is not competent or qualified to supervise a supervisee.

(b) Evidence that he or she has failed to adhere to ethical or legal standards of the profession.

(c) Evidence that there is a lack of congruence between the training, experience, and area of practice of the proposed supervisor and the proposed area of practice of the supervisee.

(d) Evidence that he or she has a license against which disciplinary or remedial action has been taken.

(4) A licensed psychologist acting as a supervisor shall perform all of the following duties:

(a) Offer and provide supervision only within the area of his or her competence and assure that his or her professional expertise and experience is congruent with the practice of the supervisee.

(b) Prior to beginning supervision, enter into a written agreement with the supervisee on a board adopted supervision contract form which details the obligations of the supervisee as well as the responsibilities of the supervisor to the supervisee. This form shall be filed with and accepted by the board.

(c) Direct the supervisee to practice only within the areas for which he or she is qualified by education, training, and supervised experience.

(d) Establish and maintain a level of supervisory contact consistent with established professional standards and remain accessible to the supervisee.

(e) Direct the supervisee to keep him or her informed of services provided by the supervisee.

(f) If he or she has reason to believe that the supervisee is practicing in a manner which indicates that ethical or legal violations have been committed, he or she shall proceed as prescribed by the most recent version of the Code of Ethics of the American Psychological Association.

(g) Maintain a clear and accurate record of supervision with a supervisee that protects the confidentiality of the clients of the supervisee.

(h) Report annually on the required form to the board that the agreed upon supervision has occurred.

(i) File a final supervision report with the board within two weeks of the termination of supervision.

(j) Insure the written notification to clients or patients of the supervisory process, including the disclosure of clinical information to the supervisor and the means by which the supervisor may be contacted.

(5) Failure to comply with any of the duties specified in number (4) above shall constitute a violation of this chapter.

(6) To maintain the professional nature of the supervision, a familial or strong personal relationship between the supervisor and his or her supervisee is prohibited, except in extraordinary circumstances such as the lack of availability of any other qualified supervisor. In such cases, the board shall require documentation that no other supervision is available and shall require reference letters from colleagues commenting on the appropriateness of the supervisory relationship.

(7) A psychological technician supervisee shall perform all of the following duties:

(a) Enter into a written agreement with the supervisor, using a board adopted supervision contract form, which details the obligations of the supervisee as well as the responsibilities of the supervisor to the supervisee. This form shall be filed with and accepted by the board prior to practice.

(b) Attend scheduled supervision sessions.

(c) Provide the supervisor with a disclosure of psychological services being offered or rendered by him or her.

(d) Cooperate with the supervisor to assure that all conditions of the supervision are fulfilled.

(e) Provide the supervisor with information necessary for the supervisor to advise him or her on cases presenting, professional, ethical, or legal concerns.

(f) File a revised supervision contract form within 45 days of a change in the conditions specified in the supervision contract form on file with the board.

(g) Obtain a written, signed consent from each patient or client that informs them of the supervisory process.

(8) Failure to comply with any of the duties specified in section number (7) above shall constitute a Class C misdemeanor.

(9) A psychological technician who practices in a jurisdiction outside of the state shall not be required to receive supervision for services rendered in that jurisdiction so long as the services are rendered in a manner consistent with the legal requirements of the jurisdiction.

(10) The initial supervision contract form shall be filed with and accepted by the board prior to any practice.

(11) An amended written supervision contract form shall be filed with the board within 45 days of any change in the conditions specified in the supervision contract form on file with the board. Additionally, within 14 days after receiving written notification from the board that the filing of a new supervision contract form is necessary to provide for the protection of the public or the regulation of the practice of psychology, an amended written supervision contract form shall be filed with the board. A supervision contract form shall document either that supervision is required and is received, or that supervision is not required. A separate supervision contract form shall be filed for each separate work setting. If receiving supervision from more than one supervisor to meet minimum requirements, a separate supervision contract form shall be filed for each individual supervisor.

(12) A supervisor shall report to the Board that agreed upon supervision has been provided and shall file a final report with the board upon the termination of supervision. If a psychological technician is not receiving supervision, it is his or her responsibility to report that fact to the board within 14 days. A report shall be submitted to the board within 14 days after receiving written notification from the board that a report is due, within 14 days after the termination of supervision, and within 45 days after a change in the conditions specified in the supervision contract form on file with the board.

(13) Additional supervision and reporting to the board may be required if previous evaluations or other information suggest possible problems with the competence or ethical standards of the supervisee. Additional documentation or an interview with the board or a designated representative of the board may be required if questions arise regarding the practice of the supervisee.

(14) Supervision shall be provided in face-to-face and primarily one-on-one sessions by the supervisor of record. The rate of supervision specified in this section shall be provided for each separate work setting in which the psychological technician supervisee engages in an activity requiring supervision.

(15) Minimum supervision requirements are as follows:

(a) Level I.

(1) For a psychological technician with less than two calendar years of supervised practice as a licensed psychological technician, consisting of at least 3,000 hours of supervised practice, minimum supervision shall be provided as follows:

(a) If the number of hours per month spent engaging in activities requiring supervision is one to 20, inclusive, the number of required hours of supervision per month shall be two.

(b) If the number of hours per month spent engaging in activities requiring supervision is 21 to 30, inclusive, the number of required hours of supervision per month shall be three.

(c) If the number of hours per month spent engaging in activities requiring supervision is 31 to 40, inclusive, the number of required hours of supervision per month shall be four.

(d) If the number of hours per month spent engaging in activities requiring supervision is 41 to 60, inclusive, the number of required hours of supervision per month shall be five.

(e) If the number of hours per month spent engaging in activities requiring supervision is 61 or greater, the number of required hours of supervision per month shall be six.

(b) Level II.

(1) For a psychological technician with a minimum of two calendar years of supervised practice as a licensed psychological technician, consisting of at least 3,000 hours of supervised practice, minimum supervision shall be provided as follows:

(a) If the number of hours per month spent engaging in activities requiring supervision is one to 20, inclusive, the number of required hours of supervision per month shall be one.

(b) If the number of hours per month spent engaging in activities requiring supervision is 21 to 60, inclusive, the number of required hours of supervision per month shall be two.

(c) If the number of hours per month spent engaging in activities requiring supervision is 61 to 100, inclusive, the number of required hours of supervision per month shall be three.

(d) If the number of hours per month spent engaging in activities requiring supervision is 101 or greater, the number of required hours of supervision per month shall be four.

(2) To be approved by the board for Level II supervision, a psychological technician shall do all of the following:

(a) Make application to the board on an application form provided by the board.

(b) Have received at least one calendar year of supervision from his or her most recent supervisor.

(c) Provide a written recommendation from his or her most recent supervisor for this level of supervision and letters from all available previous supervisors.

(c) Level III.

(1) For a psychological technician with a minimum of seven calendar years of supervised practice as a licensed psychological technician, consisting of at least 10,500 hours of supervised practice, minimum supervision shall be provided as follows:

(a) If the number of hours per month spent engaging in activities requiring supervision is one to 50, inclusive, the number of required hours of supervision per month shall be one.
